ABOUT THE ORIGINAL BOOK *The Knight in Rusty Armor* has been a real success among its audience, selling more than one million copies worldwide. It is considered to be a motivational book that falls into the self-help category. It is an easy-to-follow narrative, making it accessible to everyone, built with some humor, and is enjoyed by adults, teenagers and children alike. The book tells a story of a somewhat egocentric man, who lives his life concerned with his appearance. Everything he does is without consideration for his wellbeing, rather with the aim of seeking approval of others... Little by little he is locked in his armor, which over time rusts and leaves him imprisoned by his appearance. Then comes a life of reflection and recovery for him. He embarks on a journey to free himself from his prison, during which he enlists the help of a magician. It is an excellent allegory that teaches the importance of being who you are on the inside, without the need to mask your appearance.

Draping—the art of using cotton muslin to create womenswear directly on a dress form—is an essential skill for fashion designers. Through a series of step-by-step projects, designed to develop skills from the most basic to more advanced techniques, this book will guide you in creating both classic and contemporary garments, as well as historical styles and costumes. Draping projects include dresses, bustiers, and jackets, and highlight key fashion garments such as Audrey Hepburn's dress from *Breakfast at Tiffany's* and the Dolce & Gabbana tuxedo jacket. Starting with the basics of choosing and preparing the dress form for draping, the book advances through pinning, trimming, and clipping, and creating shape using darts and tucks, to adding volume using pleats and gathers, and handling complex curves. Advanced skills include how to use support elements such as
