Almost all hospitals and birth centers hold classes, and parents-to-be are usually given the option of attending two or three short evening sessions or one long daytime session. You can also choose to go to an offsite class, where the focus may be more on natural childbirth. Before taking a class, it helps to know a little about childbirth.

~~A childbirth cheat sheet for dads-to-be | BabyCenter~~

A birthing center or centre is a healthcare facility, staffed by nurse midwives, midwives and/or obstetricians, for mothers in labor, who may be assisted by doulas and coaches. By attending the laboring mother, the doulas can assist the midwives and make the birth easier. The midwives monitor the labor, and well-being of the mother and fetus during birth.

~~Birthing center—Wikipedia~~

Center for Birth is Seattle's nationally accredited community birth center. At Center for Birth, families embark on their journey guided by the expert care of midwives in a serene setting. Not a modified hospital ward room, but a space designed to promote normal, physiological birth following the midwifery model of care.
