references Benefits: \* Increased competitiveness \* Better priority scores \* Less chance of triage \* Increased award rates \* Uses the system to advantage \* Reveals strategies used by the "old pros"

A research proposal is a plan that a candidate submits to gain approval for post-graduate research. Although it is a typical requirement for any research in higher education, it has failed to receive the attention it deserves from the academic community as a procedure of systematic teaching and learning. This book provides a support framework with step-by-step guidance about what constitutes a good research proposal and what can be done to maximize one ' s chances of writing a successful application. It also presents advice and practical activities to enhance skill development, and shows how success is within reach if we are willing to face our
