~~Law For Social Workers 9e~~

The Law provides a framework for practice which grants the social worker with powers to take appropriate action. A starting point for understanding the legal framework is Statute law which is one of the main sources of law and is contained in an Act of Parliament. The Children Act 1989 is an example of statute law.

Social workers should also be aware of malpractice (tort) laws that identify when a social worker may be legally responsible for causing harm to a client if they perform their professional duties in a manner that falls below a reasonable standard of care.

This new edition gives a clear and up-to-date picture of how the Children Act 1989 is working. All chapters have been updated with the latest case law, legislation and guidance.

Print+CourseSmart

An essential book to help social work students gain this foothold in understanding law as it applies to social work practice.

This book addresses this relationship between the professions of social work and law and helps social workers develop the knowledge necessary to practice in a legal environment. The author focuses on how the law affects the day-to-day practice of social work; the creation, administration, and operation of social service agencies; and the ways in which social workers and attorneys collaborate to serve the public.

***Author Radio InterviewJoin Dr. Frank A. Colaprete for an upcoming interview on the Privacy Piracy show on KUCI 88.9FM. Law and ethics are two vital aspects of social work – all social workers need to practise according to the law and their codes of ethics and conduct. However, the relationship between the law and social work values and ethics is not without its tensions and this book takes a problem-based approach to explore the dilemmas and challenges that can arise. The first part of the book sets out frameworks for thinking about the law and ethics, and how they relate to social work. It also introduces some of the big philosophical and sociological questions about the purposes of law and of ethics and how they relate to society more generally. In the second part, the book explores a series of areas where profound dilemmas arise – such as end-of-life decisions, respecting peoples' choices but ensuring their safety and that of others, responsibility and blame, making allowance for different cultural traditions and breaking confidentiality. In each of the problem-based chapters, this accessible text: outlines the relevant law discusses court judgments in leading cases considers the implications of different ethical frameworks pulls out key ethical questions and challenges for social work. Social Work, Law and Ethics

highlights what the law says and what it offers, what ethical principles are at stake, and what these imply for social work policy and practice. In this way, it uses real-life scenarios to analyse the dynamic interactions of social work, law and ethics. It is essential reading for all social work students.

Are you a social work student looking to understand how the law, ethics and social policy interrelate in practice? Then look no further! Whether you a student or Newly Qualified Social Worker working with children and families or adults at risk of harm, this practical guide will equip you with the knowledge and skills you need to fulfil your professional responsibilities and practice with confidence. This book covers all the areas of law you need to know: social work with children and families, vulnerable adults and social issues such as welfare and homelessness. Each section concludes with a discussion of how social policy and ethics relate to each area of social work law. This gives real-world context to what you have learnt, alongside thought boxes, exercises and case studies in each chapter to further encourage reflection and put theory into practice.

Law for Social Workers has been supporting social work students and professionals for over 25 years. Written by an expert team with practical experience, this book provides the perfect combination of legal explanation and practical insight and is the ideal text to see students through their course and career. This edition continues to provide an accurate, jargon-free account of the law social workers need to know, with helpful diagrams and case studies included throughout to explain areas of difficulty and ensure understanding for students and professionals at all levels. The 15th edition includes an expanded Social Worker's Toolkit, offering practical advice on topics such as going to court, preparing evidence, and writing reports, providing the ideal support while on placement or in the workplace. Online resources The book is accompanied by the following online resources: For students -Video tutorials on a range of practical topics -Multiple choice questions for students to test their knowledge -Guidance on answering the exercises from the book -Further reading suggestions -Glossary of legal jargon For lecturers -PowerPoint slide lecture outlines for each chapter -Notes to accompany the slides with discussion of key issues to consider when teaching this area of law

Social Work and the Courts is a compendium of the most recent and important legal cases in social work and social welfare. Its dissection and analysis of crucial cases makes it an excellent tool for teaching social workers to understand the legal system and its operation. The book demonstrates how courts view and deal with the performance, action, and conduct of social workers and their agencies. This second edition includes more case studies, paying particular attention to recent cases on foster

care and child welfare. In addition, a new section on "References and Further Readings" has been added to the end of each chapter along with an update bibliography and Internet bibliography so that readers may easily find supplementary information.

Law for Social Workers has been supporting social work students and professionals for over 20 years. The ideal book to see you through both your course and career, the new edition features contributions from a practicing social worker and provides the perfect balance of accessible explanation and practical insight. The new edition continues to provide an accurate, jargon-free account of the law social workers need to know, with helpful diagrams and case studies included throughout to explain areas of difficulty and ensure understanding for students and professionals at all levels. The 13th edition also features 'The Social Worker's Toolkit', offering practical advice on topics such as going to court, preparing evidence, and writing reports, and provides the ideal support while on placement or in the workplace. The book is accompanied by a fully interactive Online Resource Centre featuring updates on recent cases and changes to legislation, guidance on answering exercises in the book, a glossary explaining essential legal terminology, and video podcasts. For lecturers, resources include suggested lecture discussion points and powerpoint slides, plus a test bank of over 200 multiple choice questions for class-testing. With its comprehensive coverage and practical focus, Law for Social Workers will be an invaluable guide throughout your degree and as you enter the workplace, equipping you with the essential legal knowledge to give you the confidence to practice.
