From the latches on our kitchen cabinets to the magnetic strips on our credit cards, we take magnetic forces for granted every day. Magnets are a relatively new technology, although people have remarked on naturally-occurring magnets, or loadstones, for hundreds of years. Mickaharic, in his inimitable, no-nonsense style relates the history and folklore of magnets and how they work, and explains several practical uses including improving fuel combustion, descaling water, and charging water for better plant growth. Most of his book is devoted to explaining how the attractive power of magnets can be harnessed in spells and vibrational healing. Mickaharic includes instructions on spells for attracting a job, a lover, or money/ making devices to magnetize oils and potions for increased potency/ making magnetic magic wands/ using magnets with sigils and seals/ making a Mesmer board for vibrational healing/ constructing a device for distant/covert communication/ working with energy rods/ and aura cleansing with magnets. Mickaharic also includes an interesting biography of the flamboyant Antoine Mesmer that rectifies the misunderstandings around his so-called discovery of "animal magnetism" and initiation of the practice of hypnotism.

Psychic attacks are real and their effects can be devastating to the victim. Negative vibrations can be as harmful as bacteria, germs and viruses. There are time-honored methods of fighting these insidious and pernicious agents of distress. These techniques are described in this book and they can be applied by you. No special training or supernatural powers are needed to successfully employ these remedies. All of the procedures described in this book are safe and effective, follow the instructions without the slightest deviation. The cleansings provided are intended as "over-the-counter" prescriptions to be used by anyone being victimized by these agents of chaos.

This book was written as a tool for all laymen and healers to handle the psychic attacks and the ways that many healers are rendered ineffective on their path and mission to heal all living things and our planet. As a teacher and the director the Madonna Ministry, I have seen many healers harmed, their families attacked, and made ineffective through direct and indirect attacks. When a Lightworker walks into places of dark energies such as prisons, old war zones, slums, etc.; or working with people who have been harmed on many levels such as family violence, drug addiction, incest, etc.; they will need tools that will protect them, their livelihood, the safety of their family and loved ones, etc. As a child, I endured many psychic attacks by demons and other entities. This book will help laymen and healers to shield and protect themselves, and in extreme circumstances, to remove negative energies and entities that are harming your space or your person.

This book contains a description of the various kind of psychic attack along with suggestions and a few remedies for eliminating it from your life Included are exercises for mental training, that can make your mind impervious to psychic attack.
