nerve-wracking to prepare for. That 's why we created the North Carolina Real Estate License Exam Prep (NC-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works – or fails to work. NC-RELEP is comprehensive in that it contains both key content review and testing practice. And the text review is North Carolina-specific – not just simplistic national content, but terse, relevant and accurate North Carolina laws and regulations presented as a well-organized set of state ‘ key point reviews ’ ideal for pre-test memorization. But let 's not dismiss the importance of the national content either. NC-RELEP 's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice – one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for North Carolina. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state 's testing service and your North Carolina license exam. A word about the test questions... NC-RELEP 's testing practice section consists of ten national practice tests, three state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 105 questions. The test questions are designed to cover the content covered by the law reviews – which reinforces your learning of the total body of information tested by your state exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question 's answer is accompanied by a brief explanation, or “ rationale ” to further reinforce your understanding. In the end, as you know, it 's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your North Carolina real estate exam. So good luck!!

Local governments in North Carolina take the lead in traditional animal services activities, ranging from rabies control to dangerous dogs to animal cruelty. Many local governments go beyond the minimum requirements of state law and offer comprehensive animal services programs as a general public service. This book is designed to provide an overview of the laws that apply in many of the key animal services areas. While it includes a significant amount of legal detail, the book is not intended to be a resource only for legal professionals. Rather, the goal is to provide information that is accessible and useful for all local government officials interested in and involved with animal services, as well as for the general public. Topics covered in the book include criminal and civil animal cruelty, dangerous dogs, rabies control, nuisance and at-large animals, animal shelters, service animals, exotic animals, the statewide spay/neuter program, and much more.

The office of notary public has a long and proud history in our society. Their work is rarely glamorous, but it is so important that the highest courts in the nation routinely accept properly notarized documents as evidence in legal matters. In fact, the law governing notaries gives them the same mission as sworn law enforcement officers, "to serve and protect."
