A modern reimagining of a classic fairy tale by one of most bewitching, idiosyncratic British writers of the twentieth century. Bella Winter has hit a low. Homeless and jobless, she is the mother of a toddler by a man whose name she didn't quite catch, and her once pretty face is disfigured by the scar she acquired in a car accident. Friendless and without family, she's recently disentangled herself from a selfish and indifferent boyfriend and a cruel

and indifferent mother. But she shares a quality common to Barbara Comyns's other heroines: a bracingly unsentimental ability to carry on. Before too long, Bella has found not only a job but a vocation; not only a place to live but a home and a makeshift family. As Comyns's novel progresses, the story echoes and inverts the Brothers Grimm's macabre tale *The Juniper Tree*. Will Bella's hard-won restoration to life and love come at the cost of the happiness of others?
